Penta Fund

Investments in newly issued shares of the underlying company Penta Investments Limited continued in May. The total volume of orders for newly issued shares of the holding has already exceeded EUR 308 million since the beginning of the year. The total assets of the Penta Equity sub-fund amount to CZK 19.6 billion. The value of the underlying investment increased month-on-month, and all classes of investment shares recorded solid growth. Publicly offered shares of class C EUR and D CZK have already achieved a gain of over 5% since the beginning of the year. In May, the CZK-denominated share classes grew more strongly month-on-month, driven by a positive contribution from currency hedging.

Increased activity within our project companies occurred in May, particularly within Penta Hospitals International network in Slovakia.

In Spišská Nová Ves, the construction of a new hospital pavilion and the extensive renovation of the existing building continued as planned – in May, the structural work up to the second floor was completed.

Dr. Max continued its expansion in both the Czech Republic and Slovakia. In May, we opened three new pharmacies in the Czech Republic, in Kroměříž, Jihlava (the fifth in this city), and Ostrava. In Slovakia, we expanded the network at the end of May with a new branch in Prešov. This followed a successful April, during which Dr. Max Slovakia opened five new pharmacies, including two in the Super Dr. Max format – our most modern concept with extended services and product range.

- Number of active players **1.3 million**
- Fortuna adheres to European standards of responsible gaming

PentaHospitals

We entered the healthcare industry with the clear vision and aim to increase the availability and quality of healthcare. The implementation of this long-term strategy required large-scale investments. That enabled us to pay off the debt of regional hospitals, followed by their reconstruction and modernisation. We increased process efficiency and introduced innovations that boost the quality of care and support the work of healthcare workers. We also built two completely new hospitals in Slovakia.

- In the healthcare sector, we have invested more than **€500,000,000**
- In the Czech Republic, Poland and Slovakia, we operate more than **40 hospitals** and **60 Alzheimer's disease centres**
- Our facilities have over **24,000 workers**
